LETTER TO THE OFFICIAL DRAFTSMAN

Subject to the approval of the primary Examiner, applicants propose to amend the sole Figure of drawings as indicated in red on the attached marked-up copy of the Figure. In particular, the prime designations have been removed from each of the reference numerals for simplification, and new reference numerals 31 (to identify the step in the transition region of the shaft) and 41-48 (to identify the various parts and orientations of the femur bone 40) have been added. No new matter has been added by these changes, and entry is respectfully requested. A formal drawing incorporating these changes will be submitted upon approval and upon issuance of a Notice of Allowance.

Respectfully submitted,

HANS GRUNDEI, ET AL.
